# AutoCAD Hot Keys: Basic Commands

NOTE: Verify intended command before continuing; use autocomplete to ensure accuracy.

## Draw

Line (L)

Construction Line (XL)

Polyline (PL)
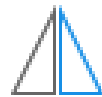

Rectangle (REC)
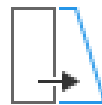

Arc (A)

Circle (C)

Ellipse (EL)

Modify

Mirror (MI)

Offset (O)

Stretch (S)

Trim (TR)

Extend (EX)

Chamfer (CHA)

Fillet (F)

Dimension

Linear (DIML)

Aligned (DIMA)
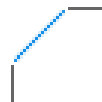

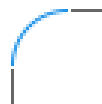

Did you know?

AutoCAD will autocomplete frequently used and default command aliases before unused ones each session. This means commands that start with the same letter that have been used more than once this session will autocomplete first!
